### **Advanced Programming In The UNIX Environment, 3rd Edition PDF**

monster! This book, Advanced Programming in the Unix Environment, by Stevens and Rago, is the 3rd edition of what is, essentially, the Unix Programming Bible. In fact, so much so that I cannot imagine any serious Unix/Linux/\*nix contributor that doesn't own a copy or at least know what it is. This is \*not\* light reading. It is a reference book.
